

# **ROOF CLEANING AND**

# **CHIMNEY PAINTING**

# **INSPECTION**

We recently did a walk-through of the Community to **inspect roofs for cleaning and chimney/chimney caps for patching/painting needed**. Please take time to check your roof and chimney/cap (if applicable) and clean and/or paint, if needed. As a recommendation, here are a few contractors that are local to or have worked in the community in the past and are familiar with the homes.

We will **re-inspect these areas mid to late September**. If you have any questions, please call Angela Johnson LCAM at 727-726-8000 ext 353.
